**PRESENTED
VIRTUALLY**

The Annual Meeting of the Society for Free Radical Research Europe (SFRR-E) 2021, presented virtually, will be a meeting place for the latest scientific advancements at the interface of free radical research with life sciences and medicine. The meeting will bring together over 300 international experts from all continents from a broad range of disciplines, including chemistry, biology, and medicine, to discuss the impact of current research, concepts, and applications of free radicals and antioxidants in life sciences and medicine. The exciting scientific program will feature plenary lectures, symposia, oral presentations from selected abstracts, young investigators award presentations, in addition to poster presentations; all presented virtually. This Meeting of SFRR-E will give a unique opportunity to network and interact with the most prominent international scientists.

On behalf of the Organizing Committee,

Prof. Bato Korac

MISSION

The Society for Free Radical Research Europe (SFRR-E) is an International Society and operates as a charitable voluntary, non-profit institution. The aims and objectives of the society are to advance the education and research in free radical processes related to life sciences and medicine with particular reference to the topics of industrial and medical importance for the public's benefit.

WHY YOU SHOULD BE PART OF THE ANNUAL MEETING FOR THE SFRR-E?

The extensive global network of life scientists in academia, business, and the government is targeted to generate a highly qualified audience from the life science and medicine communities. Sponsorship provides an excellent opportunity to "get your company's name out" to a scientific network of representatives and a prime opportunity to make impressions on decision-makers.

USE YOUR PRESENCE TO:

- launch new products and highlight existing ones
- spotlight key executives
- elevate your company profile in the chemistry, biology, and medicine community
- network with specialists, seek international partners, and form new alliances
- increase visibility in focused markets
- give maximum exposure to your company and increase brand awareness
- position your organization
- communicate your message to a highly qualified scientific community
- build relationships for the future
- attract new talent and strengthen partnerships
- generate sales leads and educate the market
- sell directly to international buyers

How can this be achieved? Read further to find out how to tailor the exclusive sponsorship and exhibition opportunities to your company's personalized needs.

Please note: Sponsorship opportunities are limited and are available on a strictly first-come, first-served basis. To ensure your presence at this event, please contact us at the earliest opportunity. The meeting will be presented virtually this year, which allows us to offer highly-customizable opportunities for the sponsor's presentation. Feel free to design your company's presence in the way you see fit to serve your company's needs in the best way possible. All costs will be tailored to every sponsor individually, so please contact the local organizing committee for further details on your sponsorship.

HERE ARE SOME OF THE WAYS YOU CAN USE YOUR PRESENCE AT THIS MEETING TO ADVANCE YOUR COMPANY:

- Your company will be acknowledged on the conference website (www.sfrre2021belgrade.rs), in the programme book, and on various e-mail shots
- List your company name and logo during the opening and closing ceremonies
- List your company name and logo in the programme booklet (distributed virtually)
- List your logo and company name, short description, short video presentation, and link through to your company website on the conference website
- Include 1 full-page ad in the programme handbook and promotional material (distributed virtually)
- Receive free registrations for the virtual meeting, where you can interact directly with the delegates
- Give a live/recorded virtual presentation or lecture during meeting breaks, where you can directly interact with the attendees

ADDITIONAL SPONSORSHIP OPPORTUNITIES

SPONSOR SESSION

This is a unique opportunity to associate your company logo with a selected conference session on a topic related to your field of expertise. The package includes:

- Listing of your company logo at the opening and closing of the session and on on-site signage
- Listing of your company name and logo in the programme booklet, next to the session listing
- Listing of your logo and company name, short description, short video presentation, and link through to company website on the conference website

VIRTUAL PRESENTATION DURING BREAKS

This is a high-profile networking sponsorship opportunity. You can provide a live or recorded virtual presentation of your company and interact with the delegates on an informal basis while ensuring your company benefits from the association with the conference's breaks. The package includes:

- A video presentation of your company and an opportunity to receive and answer questions from the delegates
- Listing of your company name and logo in the programme booklet, next to the session listing
- Listing of your logo and company name, short description, short video presentation, and link through to company website on the conference website

If you find that our offerings do not provide a perfect match for your marketing needs, let us know, and we will customize a sponsorship program for you.
